# **The Fourth National GIS Symposium in Saudi Arabia**

May 4 - 6, 2009

Chamber of Commerce & Industry  
Eastern Province, Saudi Arabia

## **INTRODUCTION:**

This Symposium is the Fourth National Symposium and Exhibition on GIS and Geospatial Information, Technology and Applications in Saudi Arabia. The Symposium is organized by “The High Committee of Geographic Information Systems at the Eastern Province in Saudi Arabia”.

The symposium, which will include plenary and keynote sessions, technical sessions, and a state-of-the-art exhibition, will bring all stakeholders in the geospatial domain: academia, researchers, students, and the industry - onto one platform for interaction, sharing and discussion on various topics such as collaboration on technologies and experiences gained. The symposium is intended to encourage the exchange of knowledge and experience in geospatial sciences among researchers, practitioners, and professionals within the country and abroad.
